15' Soul Mate Solo Canoe

Length : 15'
Waterline Length 14' 7"
Beam @ Tuck-in 26"
Max Beam : 30"
Bow Height : 18"
Depth : 12 1/4"
Rocker 2 1/4"
Weight 38-43 lbs
Capacity 300 lbs

An easy gliding canoe that can be used for tripping, the Soul Mate is ideal for "sit & switch" and traditional style paddling. The canoe retains a light and responsive feeling with loads up to 300 lbs. Its' unique 'tuck-in' at the centre sheer allows for relaxed traveling and its' 2 1/ 4" rocker makes for easy turning. Reserve buoyancy by volume is created when loaded with a paddler and gear, as the widest part of the canoe is still above the waterline. The standard seat arrangement allows for moving the seat from centre of the canoe back a full 9". This makes changing trim from load, wind or water conditions an easy matter. This would be the canoe of choice for tripping.
